Objective

Detail-driven Manufacturing Engineer with over 25+ years of product development and design experience. Extensive track record of success in the consistent achievement of project goals. Professional Manager with expertise in leading development and manufacturing teams (including consultants and contract manufacturers) ensuring projects meet required design specifications and development time lines.

Skills

Autocad, Revit, Solidworks, Inventor.

Work Experience

Product Designer

ABC Corporation - 1998 - 2002

- Head of the research and development department leading engineering efforts to develop, analyze, execute and support new product development and to implement product line improvements.
- Ranged from creating Quality Plans, CAD Design, Supplier Management, protocol and test plans, Inspection strategies, and Device Verification and Validation.
- Worked with internal manufacturing resources and external suppliers to promote efficient and correct building and validation of designs.
- Managed department for the research and development of new products, which included project manager, prototype building, 3D CAD modeling and detailing, and the management of product testing team.
- Systematically managed multiple ongoing, innovative projects and resolving existing product issues or failures.
- Collaborated with senior executives sharing the science behind the technology, supporting sound judgment in setting the course for future business and resolving current product issues.
- Liaison between marketing department and manufacturing as well as outside vendors.

Product Designer

Tapiture - 1996 - 1998

- Spearheaded design here on and off as the sole designer.
- Tackling both product and marketing design challenges in tandem.
- Reporting and working closely with three different teams, managing expectations and hitting deadlines.
- Designed nearly everything here.
- The new iOS App, the responsive website, the company and ecommerce emails were all on my plate for months.
- Photography was also occasionally part of my routine.
- Would photograph product stills and lifestyle shots to use on the site and ecommerce emails..

Education

- 1989(Champlain Community College)
